

About the Programme

This executive programme explores the principles and practices in local government management. It uses a mixture of lectures and cases in discussing the critical management issues in effective local government administration. It is particularly useful for appropriate senior officers in developing countries, as local government is the largest employer in many countries of the developing world.

Objectives

- To understand the structure and functions of local government
- To discuss and examine the principles of local government administration
- To examine how local governments are funded and to explore possible alternative revenue streams to finance programmes within their communities
- To understand how to facilitate responsibility and accountability in local government
- To develop strategies on how to make local governments more efficient and effective

Benefits of the Course

- The vast amount of information and knowledge that participants will gain on the completion of the course;
- The sharing of information and experiences by delegates;
- The knowledge gained will increase confidence in delegates;
- The opportunity for career development;
